(Wholesale Items featuring your brand are okay)
- **Vendors are responsible for their own set up.**

- **Out by 11pm** You are responsible for cleaning up your own booth space. Please do not breakdown your booth before the event has officially ended.
- **To ensure the fairness and success of the event for all, acceptance of formal applications are first come first serve based on availability and items being sold.** We would like to offer a variety of wares and services for our guests to choose from and limited spaces are available. For this reason, **We will only be approving 2 spots for vendors who sell the same things.** (Examples: No more than 2 candle booths. Wire wrap crystal jewelry will be considered different from stand alone crystals or beaded jewelry. Tye-dye clothes are different from sewn printed fabrics or dyed yarn crochet tops.) **Applications may be denied if 2 vendors offering the same wares or service have already formally applied.** If the application is denied for this reason the \$33 application fee will be refunded. To avoid issue, potential vendors are encouraged to contact the vendor coordinator prior to formal application.
